smart data. smart decisions.

b.telligent is a technology-independent consultancy specializing in analytics and data management.

With over 300 employees at ten locations in Germany, Austria, Romania and Switzerland, b.telligent supports companies in all project phases, from strategy and analysis, to design and implementation, right through to operational management and continued development of the solution. The company's services are focused on the optimization of business processes and customer/supplier relationships.

In 2023 – for the eighth time – the business magazine brandeins Wissen voted b.telligent one of Germany's best consultants in the "Data Analytics & Big Data" category.

FOCUS Business also selected b.telligent in 2021 and 2022 as one of the top consultants in the fields of analytics & big data, digitalization, IT consulting and IT implementation, as well as for numerous industries, including automotive, banking and private equity, as well as retail (incl. e-commerce) and insurance.
